Hyannis Youth & Community Center | Hyannis, MA

After 52 years of service, the Lt. Joseph P. Kennedy Jr. Memorial Skating Rink was demolished and in January 2008 construction began on the new \$24.7 million dollar Hyannis Youth and Community Center project with the brand new facility opening to the public in September, 2009. The spectacular

105,000 square foot center is outfitted with a state of the art elevated three lane walking track, competition basketball court with two full cross courts and portable seating for 500 spectators. A game room with television, pool tables and ping-pong tables is adjacent to the cafe. Tall pub style stools are located in the interior corridor overlooking the ice rink where patrons can enjoy a refreshment and free internet connection. The warming room for skaters is remarkable with its brightly colored walls and beautiful yellow, oval-shaped benches which surround the fireplace. The main rink has seating for 1,500, with an additional 250 in the second rink. The Hyannis Youth and Community Center also houses a variety of recreational programs and special events, competitive sports organizations, after school activities, hockey and figure skating programs and community groups.
